

Board Errata Document for FRDM-KE02Z with TDA4613 July 2013

ERRATA Rev 1.0

FRDM-KE02Z

This document details all known errata of board FRDM-KE02Z.

Table 1: Document Revision History

Date	Doc Rev Number	Significant Changes
7-30-13	1.0	Release

Table 2 describes the boards to which the errata in this document apply.

Table 2: Revision of the Boards

Board PCB Rev.	Board Assembly Rev.	Board PN
A1	A	FRDM-KE02Z with TDA4613

Errata Type: Silkscreen on the PCB

Description: Pin1 identifier of connector J2 is wrong.

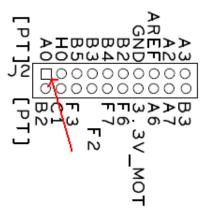

Figure 1: Wrong Pin1 Identifier of J2

The correct position should be:

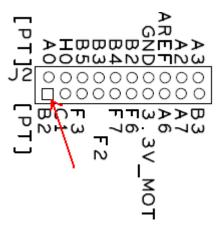

Figure 2: Correct Pin1 Identifier of J2

All the pin names are correct. This pin1 identifier error will not impact any functions of the board.

Workaround: None

Fix Plan: Has fixed on FRDM-KE02Z (700 Assembly Rev A) without TDA4613.
